Sullivan to be Named PFFW Legislator of the Year *Firefighters going door to door in support of Sullivan after special ceremony*

On Thursday, August 12 at 10 a.m., the Professional Fire Fighters of Wisconsin (PFFW) will name Senator Jim Sullivan *Legislator of the Year* for his steadfast support of the brave men and women who provide fire services throughout the state.

As state senator for the 5th Senate District, Sullivan has been a staunch supporter of local funding that provides fire protection and other vital services to Wisconsin residents.

Immediately after the *Legislator of the Year* ceremony, firefighters will go door to door to let voters know that Sullivan is the best candidate who has a record of working to ensure our safety in times of emergency.

“Senator Sullivan has fought hard to protect both fire and law enforcement from devastating cuts in state programs like Shared Revenue. He recognized the important to not only our members but also to our families and the communities that we have the necessary financial resources to do our job”, PFFW State President Mike Woodzicka said.
